Angela Morgan

About the Artist:

Angela Morgan (nee Harlton) lives and works in Fernie, B.C.

The completion of her bachelor in fine arts degree (BFA) in April of 2000 ended a ten year stretch of university education. Angela attended Bismarck State College in North Dakota, Concordia University in Montreal, University of Regina, and finally the University of Calgary.

Angela Morgan's work celebrates humanity through the use of colour, pattern, and line. Her human figures express the poses of life; the jubilation of dance, the contemplation of parenthood, and the melancholy of summer's end. Colours fuse and meld to achieve gesture, transforming abstract images into living moments.

Angela is represented in galleries across Canada, in the United States and Switzerland.

Biography:
