Jana Milne

About the Artist:

Jana Milne moved to Canada as a young girl. After graduating with a diploma in Graphic Design, Jana turned her skills into a successful career in the fields of advertising, design and print production. Possessing an aptitude for colour and composition in all areas of her life, Jana discovered a natural ability and passion for painting. The subject matter of her paintings are definitely diverse – she paints what inspires her, be it our diverse coast to coast landscape, buildings, boats or prairie's iconic grain elevator with a twist to commemorate Alberta's centennial – capturing unique shapes, layers, light and mood.
