LIVES & WORKS IN
FERNIE

ABOUT

Angela Morgan is a contemporary Canadian painter whose work celebrates the beauty, complexity, and humour of the human experience. Living and working in Fernie, British Columbia, Morgan creates vibrant figurative paintings that capture fleeting moments through expressive colour, bold pattern, and a cast of whimsical, luminous characters. Her compositions transform everyday interactions into imaginative narratives, inviting viewers to discover their own stories within each scene.

Working primarily in oil, Morgan builds richly layered paintings that balance dynamic brushwork with playful design and thoughtful composition. Her distinctive visual language blends representation with abstraction, using colour, gesture, and movement to express the emotions and relationships that connect us. Whether portraying moments of celebration, quiet reflection, or lighthearted mischief, her work is infused with warmth, curiosity, and an enduring appreciation for the shared experiences of everyday life.

A graduate of the University of Calgary with a Bachelor of Fine Arts, Morgan has exhibited extensively throughout Canada and internationally, with representation in galleries across Canada, the United States, and Europe. Her paintings are held in numerous public, corporate, and private collections, reflecting a practice that continues to resonate through its joyful exploration of colour, humanity, and storytelling.
