

# GIBSON FINE ART

CONTEMPORARY EVENT VENUE

2026/2027

# Introduction

## AN EXTRAORDINARY SPACE

Nestled in Calgary's vibrant Barley Belt, Gibson Fine Art is more than a gallery, it's a destination. Spanning just over 2,400 sq. ft., our venue seamlessly blends industrial chic with modern sophistication, creating an atmosphere that's as memorable as the occasions celebrated within it.

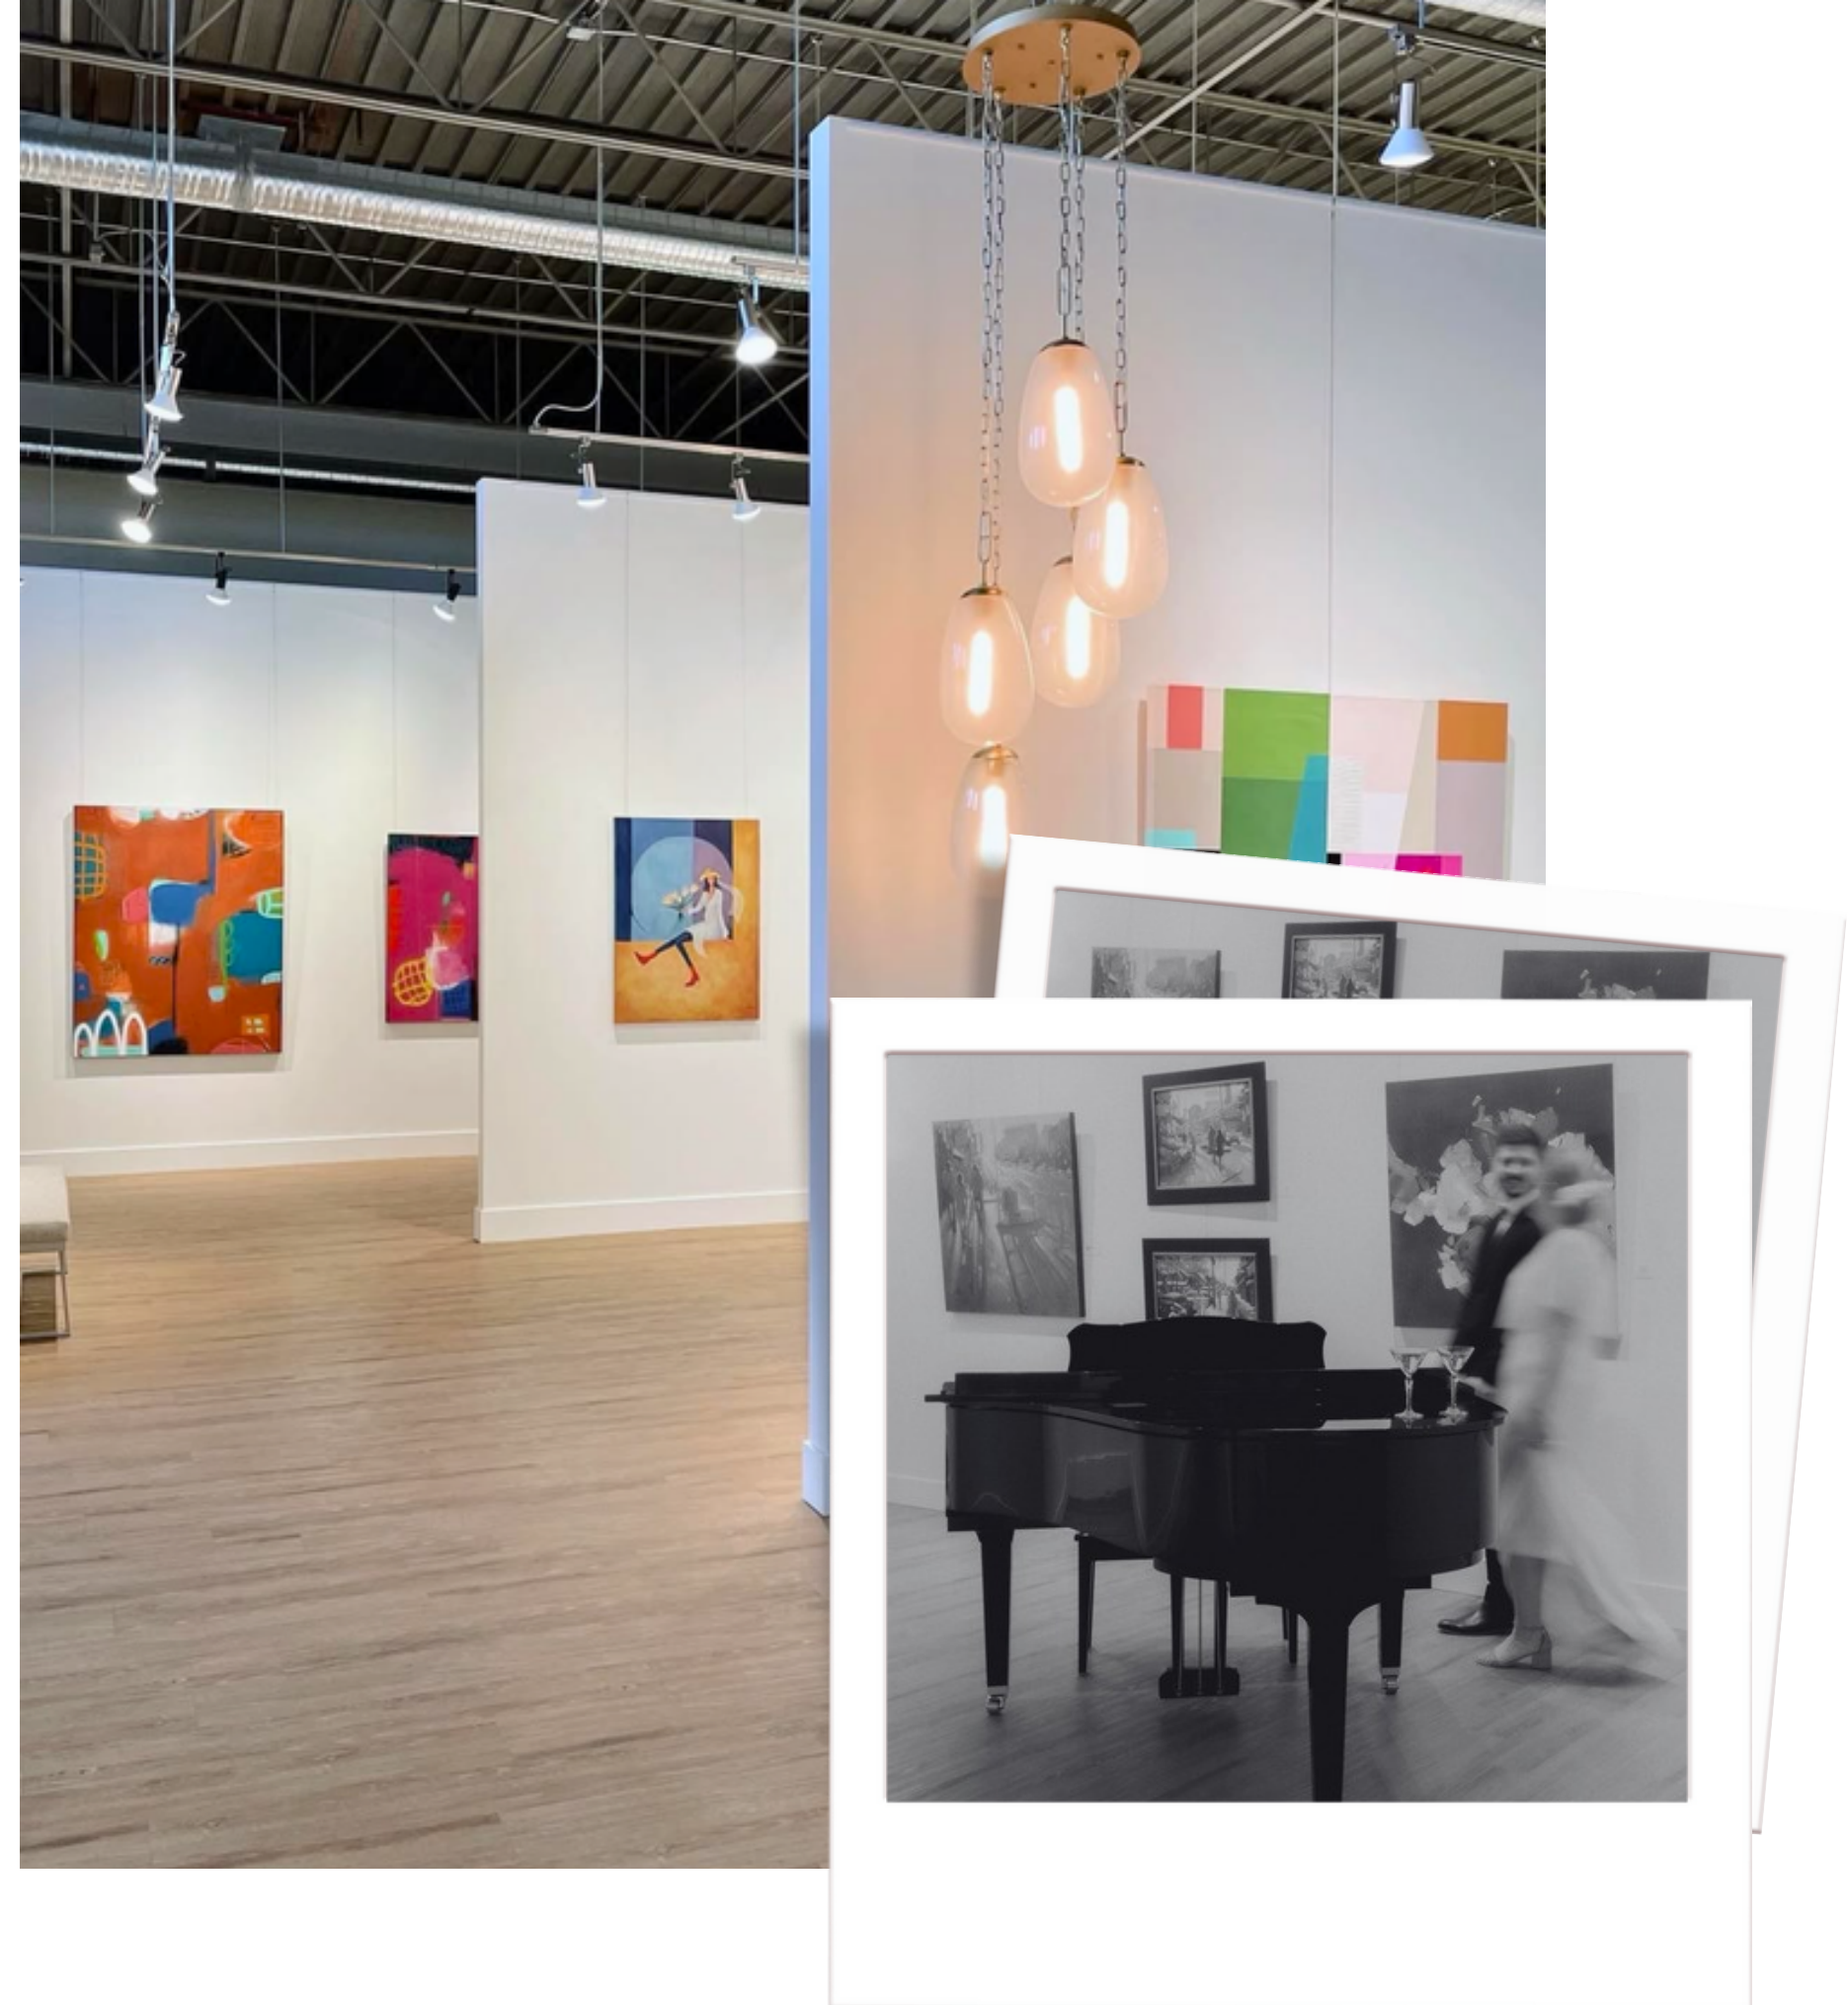

Centrally located and easily accessible from all four quadrants of the city, Gibson Fine Art is the inspired choice for weddings, gala events, holiday celebrations, seminars, and everything in between.

## A Space Designed to Impress

Soaring 18-foot ceilings with exposed beams, crisp white walls, and warm light wood floors set the stage for an unforgettable experience. Natural light fills the space throughout the day, complemented by elegant chandeliers and track lighting as the evening unfolds. A baby grand Yamaha piano adds a touch of timeless refinement.

For your comfort and convenience, the gallery features full air conditioning, a Sonos sound system, two restrooms (including one fully accessible, wheelchair-friendly washroom), and a well-appointed kitchenette.

*Whatever the occasion, Gibson Fine Art provides the perfect backdrop.*

# The *Art* of Celebration

## A LIVING, BREATHING SPACE

Unlike a conventional venue, our gallery showcases a rotating collection of original works by Canadian artists. No two visits look the same, and no two events feel the same. The paintings, sculptures, and photographs that surround your guests aren't decoration, they are the atmosphere. They invite curiosity, inspire conversation, and bring a warmth and texture to every occasion that simply cannot be manufactured.

We believe the best celebrations happen in spaces with a soul.  
Gibson Fine Art is that space.
